

Creating Custom Data Types with Go

INTERFACES AND STRUCTS

James Wilson

SOFTWARE ENGINEER

@jam_wils www.devintegrations.com

Course Overview

Interfaces and Structs

Type definitions and aliases

Embedded types

Comparable types

Switching on types

Module Overview

Overview of the project

Interface and struct types

Components for the types

Pointer and value receivers

Demo

Building out a person object

Simple fields and properties

New functionality like twitter handle

EU and US identity types

Summary

Interface and struct types

Components for the types

Pointer and value receivers
